MUSTANG WILL RESUME WORK

ANOTHER WELL-KNOWN PROPERTY AT MANHATTAN TO SEND OUT ORE

The Mustang Mining company of Manhattan, which owns the well-known Mustang Extension mine at that place has decided to start operations.

The mine is fully equipped with all the latest machinery including an electric hoist, compressor and all materials necessary to go ahead. The company has been giving leases and owing to the encouraging results the company has hope of being able to start milling immediately. One great feature about the property is the close proximity of the War Eagle mill on the adjoining ground and is available immediately. The ore on the dump will go around \$6 in gold and is free milling, obviating the necessity of cyaniding.

WALL STREET MAGNATES BEHIND THE COMPANY OPERATING AT TYBO

Perusal of the list of names of the shareholders in the Louisiana Consolidated Mining company is like reading the names in Dun's or Bradstreet's financial records. Here are some of the people who are back of this Nevada corporation: Baruch Bros., New York; F. Hausman, New York; L. A. Dassar, promoter and capitalist of Julius Siebert & Co., New York; J. E. Osborne, cotton manufacturer, Fall River; Col. Peter H. Carr, cotton and wool manufacturer, Taunton, Mass.; Robert Ream, New York; Captain Herman Rowitzer, New York manufacturer; L. Benedict, of Benedict & Co., stock exchange members; E. M. Stark, New York exchange member, president and general manager of the North American Watch company; F. F. Prentiss, banker and manufacturer, Cleveland, O.; Howell Hinds, mining investor, Cleveland, Ohio; George Paull, coal producer, Pittsburg; Liebsinger Brothers, metal dealers, New York; Leslie M. Shaw, ex-secretary of the treasury; T. E. Tuxbury, treasurer of the Waldorf Astoria, New York, and many others.

This company owns a property 40 miles south of Mina, 60 per cent of which is under option to the Tonopah Mining company of Nevada, with the option still having seven months to run. The group is situated on Mt. Montgomery on the Nevada & California railroad. Drifting in is progress north and south from the Stevens crosscut tunnel, which cut the vein at a depth of 260 feet. This is about 4500 feet south of the main working of the company. The No. 2 tunnel will be started this spring. It will be half

way between the two workings and will cut the vein at a depth of about 500 feet.

A mill will be built either at the approach to that tunnel or at a proposed No. 3 tunnel which will cut the vein at about 800 feet.

The company will have electric power taken to its property at Tybo and meanwhile will operate an auxiliary power plant consisting of a Bessemer Diesel engine. The power line will be extended from Belmont. Preparatory to switching on the juice the company is installing electric pumps, compressor, machine shop equipment and hoist.

The shaft will be dewatered and sunk from the 400 to the 600 level. While sinking, stoping will also be in progress and the ore will be sent to the smelter at Salt Lake City. It will be shipped via Tonopah by means of a fleet of ten trucks and 20 trailers, which have been purchased.

It is estimated that the mine will produce 50,000 tons with each hundred feet of depth. All the ore between the 300 and 400 levels is still in place and will be shipped at once. The average value, according to J. D. Farrish, who sampled the property, is \$42 per ton. This does not include the zinc content, which amounts to about 11 1/2 per cent.

The company plans to go into the smelting business and will endeavor to get a railroad connection with either Eureka or Ely and build a smelter somewhere on the main line of the Southern Pacific. Tybo ores are very high in lead content and their admixture would enable economical smelting of large tonnage of central Nevada ores that are deficient in lead.

TONOPAH B.P.O.E. ELECTS OFFICER

NINE CANDIDATES TO BE INITIATED AT THE NEXT REGULAR MEETING

At a meeting of Tonopah lodge No. 1062, B. P. O. E., held last evening, the following officers were elected: Fred Penn, past exalted ruler; A. H. Keenan, exalted ruler; George Murphy, esteemed leading knight; Emil Elkner, esteemed loyal knight; Don Bradner, esteemed lecturer knight; Lowell Daniels, secretary; Scott Mullins, treasurer; Ivan Arnold, trustee; Robert Christian, tiler; Fred Penn, delegate to grand lodge; H. H. Atkinson, alternate.

Of course this was strictly a routine affair, but the big doing will be pulled off next month when the new officers will be installed and there will be high links at the clubhouse. Tonopah lodge always prepares a special programme for this event and it is hinted that there will be something of a higher degree of excellence with three or four stellar attractions.

Next Tuesday evening nine candidates will run the gauntlet of the goat, which has been fattening up lately and is rather frisky for want of proper exercise. The list includes: Herman W. Albert, Jas. Curran, George T. Lundie, J. E. Monahan, J. M. Kerns, Lester B. Glass and Ray F. McMullen, Tonopah, and F. F. Heydenfeldt and W. T. Oliver, of Millers.

GERARD DOES NOT BEAR MESSAGE TO PRESIDENT

(By Associated Press.) MADRID, Via Paris, Mar. 7.—Count de Romanones, the Spanish premier, today denied absolutely the report that James G. Gerard, former American ambassador to Germany, was the bearer of a letter from King Alfonso to President Wilson.

GOOD ROADS BILL

(Continued from page one)

passed with one opposing vote, Coryell of Elko. It was amended so as to require cities and towns to prepare and submit to the tax commission an annual budget and also to reduce or increase their tax rates on orders from the tax commission. The secretary of the commission receives \$2400 per year and each of the associate commissioners, exclusive of the chief commissioner, \$600 per year. The chief commissioner gets \$3000 per year.

Fulmer's amendment making the first assistant railroad commissioner chief commissioner at the expiration of the present commissioner's term of office was laid on the table.

The senate killed the bill giving a half holiday on Saturday to state, county and city officials, and also killed the bill providing for an increase in inheritance tax rates. The resolution expressing confidence in the president and pledging the support of the state to him passed the senate with Senator Summerfield alone in his opposition.

SUIT TO RECOVER LAND IN OREGON

GOVERNMENT TAKES STEPS TO CANCEL A GIFT WORTH OVER \$20,000,000

(By Associated Press.) WASHINGTON, D. C., Mar. 7.—The government filed a brief in the supreme court against the Oregon-California Railroad company in the government's suit to recover 2,900,000 acres of land in Oregon, valued at over \$30,000,000, granted to the railroads in 1866 on condition that they sell to settlers at not over \$2.50 per acre. It is alleged the condition was broken.

PERSONAL

EMIL BRAZELL, who has been in Reno for several months receiving medical attention, is greatly improved and expects to return to Tonopah shortly.

Wilson W. Hughes, general manager of the Monitor Belmont, of Belmont, accompanied by his wife, returned home this evening.

G. P. HERRICK, district commercial manager of the Western Union, left for Goldfield this morning.

Thomas Huston, the Underwood representative, spent yesterday in Goldfield and will return this evening to Tonopah.

RICHARD H. ERNEST, superintendent of the Round Mountain Mining company, came in this morning by auto.

PERCIVAL NASH, secretary of the Chamber of Mines, Manhattan, is registered at the Mizpah.

W. D. FORSTER, general superintendent and manager of the Tonopah and Goldfield Railroad, returned this morning to headquarters from a visit to the coast.

J. C. DURHAM, the automobile man from Reno who secured the big contract for the fleet of tractors to run between Tybo and Tonopah, arrived from Reno this morning.

WALTER MORAN, one of the swiftest and surest brass pounders in the service of the Western Union came in this morning from San Francisco to help out in the rush of stock business arising from the Manhattan boom.

WILL LIVE IN GOLDFIELD

Yesterday afternoon Miss Minnie Rowe and Dan Ambulla were married at the home of the bride's mother, by Justice Dunsmuth. The ceremony was followed by a wedding supper after which the newlyweds left for their home in Goldfield. The bride is well known in Tonopah, having resided here for nearly seven years.

WELCOMED TO TONOPAH

Mr. and Mrs. Robert Hesomovich are receiving congratulations over the arrival of a son weighing 8 1/2 pounds, who made his debut yesterday.

WANTED—Washerwoman. Apply at Bonanza office.

WANTED—Second hand furniture for 12 rooms; must be reasonable. Address Box 994, Tonopah. 836M713

AMUSEMENTS

BUTLER THEATER

If you want to see a real, sensational, thrilling, dare-devil circus picture—a story of circus life, something that is entirely different from anything you have ever seen before, do not miss "The Jockey of Death," to be shown at the Butler this evening. The picture is everything the name implies, for it is filled with sensations and thrills from start to finish. The picture is a story of circus life and was made in the big hippodrome in Naples, Italy. There are dives from bridges, the riding of a bicycle over a river on a tightrope, a slide for life down a wire cable, and other thrilling feats, with everything ending happily in the end. Those who take the principal parts in this production are acrobats by profession, and their histrionic endeavors are more than acceptable. It is without doubt the greatest circus picture that has ever been produced upon a screen to date. The preliminary reels will be a Paramount comedy, "In Society and Out," also Ford Weekly, which this week is a scenic feature, showing the trip by auto to Pike's Peak, 14,109 feet above sea level. Tomorrow another cracker-jack—Little Baby Marie Osborne, in "Shadows and Sunshine."

LIBERTY THEATER

"The Escape," D. W. Griffith's masterpiece, featuring Blanche Sweet, Mae Marsh, Robert Herron, Donald Crisp and Owen Moore, taken from Paul Armstrong's greatest drama, "The Escape" is the most thrilling, vital and tremendous human life story ever pictured on the screen. No adult has the right to be ignorant of these conditions. "The Escape" is a picture of life as it is, it is the life, labor and love story of two sisters of New York's east side. The climax of the play comes when rescuers raid a dive of slavers and the film portrays the most thrilling and realistic fight of guns, fists, black-jacks and night sticks ever shown on a motion picture screen. The whole picture thrills with one vital question. Who is the man your daughter is going to marry? The main picture is preceded by an interesting and informative prologue showing the origin of life. We have booked this wonderful picture for two days, today and tomorrow, in order that every mother and father in Tonopah will be able to see it. Do not miss it as you will always regret it.

It's tonight, the big dance at the Airdome. Prizes to the ladies and gentlemen. Everybody come. Adv.M711

COMMITTEE SHOULD HAVE THE DEGREE OF B. A.

Editor of the Bonanza: Apropos of the finding of the legislative committee that ex-President Hendrick has earned the degree of M. A., although no college ever conferred it upon him. It has been suggested by certain college men of White Pine county that the members of that committee are entitled to a

B. A. degree, which, in this case, should be interpreted "Braying Ass" on the ground that said members of the committee have earned this degree, though no college has ever conferred it upon them. It is further suggested that this committee link arms with ex-President Hendrick and parade the streets of Reno, in the Ph. D. gown worn by him at his inauguration. N. B. All true believers in this kind of a degree should have a stall built for them to review the procession. MARY E. WILTON, East Ely, Nevada.

MONEY SAID TO HAVE BEEN PAID ON BRISTOL DEAL

The Pioche Record learns from an authoritative source that the Cyada Copper company's property at Bristol is likely to change hands about the middle of the month, after which increased activities will be in evidence.

It is understood that a payment of \$20,000 has been made on the purchase price, but who are the prime movers in the deal has not been ascertained.

The deal which Joseph Free, of Salt Lake and associates had on for the property early in the year did not materialize.
